SUMMARY

Detail-oriented Computer Science and Engineering graduate with experience in business process analysis, data operations, software quality assurance, web development, workflow management, and GIS-based mapping. Skilled in requirement gathering, process documentation, data validation, system workflow analysis, and web technologies. Experienced in OpenStreetMap (OSM) editing, GIS-related tasks, map data validation, route mapping, and geospatial data management. Through professional experience at TechnoNext Software Ltd and QA Harbor Limited, developed strong capabilities in collaborating with teams, validating system functionality, ensuring data accuracy, and improving operational workflows. Passionate about building efficient web solutions, optimizing business processes, working with geospatial data, and contributing to scalable software products and booking-based systems.

KEY SKILLS

AI and ML: Scikit-learn, PyTorch, KERAS, TensorFlow, OpenCV.

Testing: Manual Testing, Automation Testing, API Testing, and Performance Testing.

Programming Languages: C, Python (NumPy, Matplotlib, Pandas, Seaborn), and Java.

Web Tools: HTML, CSS, JavaScript, React.js, Node.js, Express.js, REST API | **Database:** MySQL, MongoDB.

GIS & Mapping: OpenStreetMap (OSM), GIS, Map Data Validation, Route Mapping, Geospatial Data Management.

Tools: Selenium, Postman, JMeter, Git, GitHub, Microsoft Office, Power BI, LaTeX, MATLAB, AutoCAD, IoT.

EDUCATION

B.Sc. in Computer Science and Engineering

Green University of Bangladesh, Dhaka

Feb 2022 – Feb 2026

CGPA: 3.32 / 4.00

Higher Secondary Certificate (HSC)

Science | Faridganj Govt. Degree College, Chandpur

2018 – 2020

WORK EXPERIENCE

Data Entry Operator | TechnoNext Software Ltd (a concern of US-Bangla Group)

Jan 2026 – July 2026

- Collected, verified, formatted, and entered geospatial data into an OSM-based proprietary mapping system.
- Created and updated missing routes and map features, ensuring accurate and complete road network data.
- Reviewed map data to identify errors, inconsistencies, missing information, and routing issues, and resolved them to improve map accuracy.
- Validated and maintained structured location and route datasets while coordinating with team members to ensure data quality and workflow consistency.

SQA Engineer Intern | QA Harbor Limited, Dhaka

Nov 2025 – Dec 2025

- Performed manual, API, automation, and performance testing for multiple web applications.
- Developed 15+ automated test scripts using Selenium and Python following the Page Object Model (POM).
- Tested 50+ API endpoints and documented 25+ defects while collaborating with developers during sprint activities.

CERTIFICATIONS

- Data Analyst Job-Ready Bootcamp – Data Solution 360 (Ongoing)
- Advanced Python (Django) – IIT, JU | EDGE | BCC, ICT Division (Completed)
- Robotics Camp 2024 – Roboment R&D Lab, Gazipur (Completed)
- Green Start-Ups Program – Future Nation & UNDP Bangladesh (Completed)

PROJECTS

- **Cholen Haati – Walking for Health Community Platform** (Next.js, Node.js, Express.js, PostgreSQL) — Full-stack community platform featuring JWT authentication, walking activity tracking, event registration, social feed, admin dashboard, user management, analytics, and payment integration. [GitHub], [Live]
- **Dena-Paona – Personal Finance Ledger** (Next.js, TypeScript, PostgreSQL) — Full-stack finance platform for tracking payable and receivable transactions, featuring JWT authentication, payment tracking, notifications, user-to-user chat, multilingual support, and an admin panel. [GitHub], [Live]
- **Amazon Sales Analysis Dashboard (Power BI)** — Created interactive dashboards to analyze sales data and product performance, improving decision-making by **25%**. [GitHub]
- **Daily Brew Coffee Ltd Sales Analysis & Growth Strategy(Power BI)** — Real-world analytics case study with **74%** profit margins & **5x growth** roadmap. [GitHub]
- **Micro Automation Testing Framework (Selenium)** — Designed a lightweight automation framework for functional testing of web applications. [GitHub]
- **Manual Testing Portfolio** — Developed and executed 75+ manual test cases for the Nymph Solutions website and a secure Login Module, focusing on functional validation, security (XSS/SQLi), and responsive design. [GitHub]
- **Automatic Home Controller (IoT, ESP8266)** — Engineered a smart home automation system controllable via Wi-Fi and mobile app.

RESEARCH EXPERIENCE

- Undergraduate Research Thesis | Green University of Bangladesh** Feb 2025 – Feb 2026
An AI-Driven Environmental Adaptable System for Forecasting Rice Variety
Supervisor: [Md. Solaiman Mia], Assistant Professor, Green University of Bangladesh.
- Developed machine learning models integrating climate and genomic data for rice variety forecasting.
 - Improved model accuracy by 15% through data preprocessing, validation, and hyperparameter tuning.

LEADERSHIP & VOLUNTEERING

- Organizing Secretary | BASIS Students’ Forum, GUB Chapter** Jun 2025 – Feb 2026
- Organized and executed student development programs involving **100+ participants**.
 - Coordinated communication and planning between faculty and student committees.
- General Secretary | Prottay Islami Pathagar, Chandpur** 2024 – Present
- Led and coordinated community-based projects promoting education and youth empowerment..
 - Oversaw event operations and managed strategic planning and organizational communication.
- Scholarship Exam Management Team| Shawpner Faridganj** 2024 – Present
- Assist in organizing and coordinating scholarship examinations to ensure smooth operations.
 - Support registration, documentation, and communication for efficient exam management.
- Campus Volunteer at Green University | As-Sunnah Foundation** 2023 – Present
- Supported humanitarian, educational, and social welfare initiatives through community service.
- Weather Reporter | Bangladesh Weather Observation Team (BWOT)** 2022 – Present
- Monitor and report accurate local weather data, including temperature, rainfall, and wind conditions.
- Judge & Program Manager | Youth Festival 2025, Ministry of Youth and Sports** 2025
- Managed an event with **200+ participants** and evaluated **20+ submissions**.

AWARDS

- 5th Position – Science Olympiad Bangladesh (2019)
- 2nd Position – National Science and Technology Fair (2019)
